## **Code Of Conduct**

*"Promoting Pride in Craftsmanship and Customer Satisfaction"*

### **Introduction**

The purpose of the Operative Plasterers' and Cement Masons' Code of Conduct is to stimulate our members pride in craftsmanship and customer satisfaction.

Fostering membership pride in our plasterers, cement masons, and shop hands is key to our survival. To achieve this goal our Local Union Officers must implement this Code of Conduct immediately, uphold it strictly, and apply it consistently. The result will be to increase our members self worth, bolster quality craftsmanship, improve working conditions, leverage higher wages and benefits, and create increasing work opportunities for our members. It will also benefit our contractors by increasing their productivity, ensuring timely job completions, keeping projects within (or under) budget, and providing them with reliable, quality craftsmanship.

To be successful, the Code of Conduct must have the full support of the Local Union at all levels. Officers must wholeheartedly dedicate themselves to this task by "setting the standard" and acting as role models for the membership.

Any member found in violation of the Code will be subject to the disciplinary procedures of the International and Local's Constitution which includes, but is not limited to, charges being filed and the possibility of a fine, suspension,

and/or expulsion. While charges may be brought at any time a three strike policy shall be in effect. This means that any member who has three written complaints filed by Employers shall face disciplinary charges and after a hearing may be fined, suspended or expelled.

## **Responsibilities under the Code**

Both the union and contractor have responsibilities under the Code. For the Code to be mutually beneficial, both parties must take their respective duties seriously, and communicate with the other party constructively and on a consistent basis.

## **Dispute Resolution Mechanism**

Both the OPCMIA Local Unions and the signatory contractors have obligations respecting the resolution of disputes. In the early stages of a dispute, our Local Unions must actively facilitate dialogue between its members and the contractors. Similarly, contractors should promptly address any and all problems and issues of concern as they arise. If these initial remedial actions of the Local Union and contractor fail to resolve the matter, the parties will pursue their respective remedies under the collective agreement(s).
